Aaron Yudson, Director
Yudson Trades
P.O. Box 7243
Paris, Spain

Dear Mr. Yudson,

Thank you for your conscientious service. All 15 of your test shipments arrived undamaged. We have never contracted with a supplier with as fine a record as yours. We appreciate the extra effort it takes to ship our order intact and on time.

Alarico Leonides and David Xabat have delivered these shipments to our loading dock supervisor. I have attached copies of logs for your review. Note that the unloading time is approximately half of that from other shippers for a similar load. Alarico and David frequently help our crew unload the crates. This additional service always comes with an exchange of jokes. Our crew collects laughs to compete with your traders!

Doing business with your organization is a pleasure. You save us money by eliminating shipping waste and time by providing efficient traders. Please accept the enclosed certificates of merit to Yudson Trades, Alarico and David, with our appreciation. We are confident in referring our customers and vendors to Yudson Trades for their shipping needs.

Sincerely,

Jónína Sigurðardóttir
